Function and structure of the Regulated Industries Commission

Mission statement:

The Mission Statement of the Regulated Industries Commission is to:

To ensure promotion of the highest quality of utility services at fair and reasonable rates while building a credible regulatory regime that responds adequately to stakeholders' concerns and also ensure fairness, transparency and equity in the provision of utility services throughout the country.

The RIC is a statutory body established by Act No. 26 of 1998 ("the RIC Act") to regulate and monitor the operations of the service providers named in the RIC Act. The RIC replaced the Public Utilities Commission ("PUC") whose jurisdiction was issued under the PUC Act Chap 34:01, which was repealed under the RIC Act. The service providers that presently fall under the purview of the RIC Act include:

- The Water and Sewerage Authority ("WASA")
- The Trinidad and Tobago Electricity Commission ("T&TEC")
- The Power Generation Company of Trinidad and Tobago ("PowerGen")
- Contour Global Trinity Power Limited (formerly Trinity Power Limited and InnCogen Limited).

The Commission as duly constituted consists of a Chairman, Deputy Chairman and at least three (3) other members. The total composition of the Commission shall not consist of less than five (5) or more than seven (7) members, appointed by the President for a maximum of five (5) years at any one time. The RIC Act also provides for an Executive Director.

The RIC Act makes provision for the establishment of Consumer Services Committees, members of which are appointed by the Minister and will consist of a Chairman, a representative nominated by the Tobago House of Assembly and three (3) other members who will serve as consumer advocates. Such committees will advise the Commission on matters related to quality of service delivered and ensure that complaints procedures of service providers produce speedy resolutions for consumers. They may also be required to contribute to deliberations of the Commission where rates and licence conditions come under review.

The role of the Commission under the RIC Act includes:

- Making Recommendations to the Minister on the award of licences.
- Prescribing and monitoring standards of services.
- Establishing the principles on which tariffs will be based and conduct periodic reviews of rates.
- Conducting studies of efficiency and economy of operation and performance by service providers.
- Investigating consumer complaints and facilitating relief in respect of rates, billing and unsatisfactory service.
- Facilitating competition among service providers, where desirable.
- Collection of Licence fees.

The functions of the Commission are discharged by a complement of thirty – nine (39) members of staff of the Commission. Staff serves as a support arm of the Commission by functioning in furtherance to the mandate of the Commission. See organizational structure of the Commission.

The office of the Commission is located on the 1st and 2nd Floors of the Commission's offices situate at #88 Queen Janelle Commissioning Street, Port-of-Spain.

Effect of Functions on Members of the Public

Through the operations of the RIC, the public's interest is protected by the Commission ensuring:

- Maximum efficiency in the allocation and use of resources and that services are provided at the lowest cost
- Equal access by consumers to service, and the fair treatment of consumers and service providers who are similarly placed

The Commission does not possess any literature available by subscription.

Section 7 (1) (a) (v)

Procedure to be followed when accessing a document from the Commission

How to Request Information:

- General Procedure

Our policy is to answer in writing all requests for information, both oral and written. However, in order to exercise your rights under the FOIA (for example the right to challenge a decision if your request for information is refused), you must make your request in writing. You must, therefore, complete the appropriate form

(Request for Access to Official Documents) available at the Library at the Commission, for information that is not readily available to the public.

- Addressing Requests

To facilitate prompt handling of your request, please address it to the Alternate Officer of the Regulated Industries Commission. (See Section 7 (1) (a) (vi)).

- Details in the Request

Applicants should provide details that will allow for ready identification and location of the records that are being requested. If insufficient information is provided clarification will be sought from the applicant. If you are not sure how to write your request or what details to include, communicate with our Alternate Officer. (See Section 7 (1) (a) (vi)).

- Requests not handled under the FOIA

A request under the FOIA will not be processed to the extent that it asks for information which is readily available to the public, either from the Commission or from another public authority, e.g. brochures, pamphlets, reports etc.

Responding to your Request

- Retrieving Documents

The Commission is required to furnish copies of documents only when they are in our possession or we can retrieve them from storage.

- Furnishing Documents

An applicant is entitled to copies of information we have in our possession, custody or power. We are required to furnish only one copy of a document. If we cannot make a legible copy of a document to be released, we may not attempt to reconstruct it. Instead, we will furnish the best copy possible and note its quality in our reply. Please note we are not compelled to do the following:

(a) Create new documents. For example, we are not required to write a new program so that a computer will print information in the format you prefer.

(b) Perform research for you.

Time Limits

- General

The FOIA sets a time limit of thirty (30) calendar days for determination of your request for access to documents. If we fail to meet this deadline, the FOIA gives you the right to proceed as though your request has been denied. We will try diligently to comply with the time limit. If it appears that processing your request may take longer than the statutory limit, we will acknowledge your request and advise you of its status. Since there is a possibility that requests may be incorrectly addressed or misdirected, you may wish to call or write to confirm that we have received the request and to ascertain its status.

- Time Allowed

We will determine whether to grant your request for access to information as soon as practicable but no later than 30 days as required by Section 15 of the FOIA. If a decision is taken to grant access to the information requested, you will be permitted to inspect the documents and/or be provided with copies.

4 IFRS 17 Insurance Contracts

Effective 1 January 2023, IFRS 17 replaced IFRS 4 Insurance Contracts, materially changing the recognition and measurement of insurance contracts and the corresponding presentation and disclosures in the Company's financial statements.

(a) Change in Accounting Policies

Refer to Note 3 (a) 1.15 of the Company's audited financial statements for the year ended 31 December 2023 for details of the Company's accounting policies under IFRS 17.

(b) Transition Approach

In accordance with the transition requirements of IFRS 17, the Company has restated its financial statements, and is therefore presenting:

- Within the summarised statement of financial position, an opening balance sheet as at 1 January 2022, the date of transition to IFRS 17. Differences between the carrying value of assets and liabilities previously recorded and those under IFRS 17 were recorded in equity.
- Summarised statements of financial position, income, comprehensive income, cash flows, and changes in equity as at and for the periods ended 31 December 2023 and 31 December 2022, in compliance with IFRS 17.

While retrospective application is required, if full retrospective application to a group of contracts is impractical, the modified retrospective or fair value methods may be used. The Company therefore applied the fair value approach to its Pension Plus businesses that were in issue as at 1 January 2022 and prior, and the full retrospective approach thereafter. For all other portfolios, the full retrospective approach was used for all relevant periods.

1011—Continued

Notes to the Abridged Financial Statements (continued)**31 December 2023***(Expressed in Trinidad and Tobago Dollars)***4 IFRS 17 Insurance Contracts (continued)**

The initial application adjustments arise principally from:

- The introduction of the Contractual Service Margin (CSM). This is a new liability that represents future unearned profits on long-term insurance contracts written.
- The measurement of the Risk Adjustment. This is a concept in IFRS 17 that is similar to the Margins for Adverse Deviation that was previously estimated under IFRS 4. IFRS 17 does however introduce some specific considerations in the calculation and application of this item.
- The determination of Discount Rates. IFRS 17 introduced some changes in how discount rates are determined, primarily removing from consideration the characteristics of the assets which support the related insurance liabilities.
- Other measurement changes. This includes changes to the level at which contracts are aggregated for measurement purposes and how contract boundaries are defined.
- Presentation changes. Several assets and liabilities experienced no change to their measurement but have been moved to other areas of the financial statements, including:
 - Premiums receivable and Policy loans – These amounts were previously reported in loans and receivables and have now been reclassified to insurance contract liabilities/assets as they are insurance contract related.
 - Deposits with reinsurers – These amounts were previously reported in loans and receivables and have now been reclassified to reinsurance contract assets.
- Deposits and premiums received in advance. These amounts were previously reported in other liabilities and have now been reclassified to insurance contract liabilities/assets as they are insurance contract related.
