### Effects of Functions on Members of the Public

The work of the Ministry directly impacts on the holistic development of Trinidad and Tobago through the promotion of the rule of law at all levels of society. Moreover, the Ministry, in carrying out its functions ensures the developmental pillars of a modern legal and regulatory framework are implemented and made effective.

The Ministry functions ensure that the individual freedoms and property rights are protected and this in turn impacts on national development.

Further, the work of the Ministry directly impacts on the lives of citizens, as they are provided with vital records, such as birth, deaths and marriage certificates. Opportunities for furthering the development of society are also available, as citizens can register businesses and companies.

The Ministry also enables society to have access to the laws of the country, via its website or purchasing said laws.

### Arrangements for Consultation

When the Ministry is addressing legislative matters, which will have a major impact on the national community, the process for public consultation on said matters is usually engaged.

The application should include:

If insufficient information is provided, clarification will be sought from the applicant. If an applicant is unsure as to the completing of the application form, inquiries can be made to the Designated Officer.

A request under the FOIA may not be processed to the extent that it seeks information that is readily available in the public domain, either from the Office of the Attorney General and Ministry of Legal Affairs or another public authority, or if the said information is exempted. The Office of the Attorney General and Ministry of Legal Affairs is required to furnish copies of documents only when they are in its possession.

If the Ministry fails to meet the deadlines set out in the FOIA, the applicant has the right to proceed as if the request has been denied.

Section 17(1) stipulates that no fee shall be charged by a public authority for the making of a request for access to an official document. However, where access to an official document is to be given in the form of printed copies, or copies in some other format, such as tape, disk, film or other material, the applicant will be required to pay the prescribed fee incurred for duplication of the said material.
