The abridged statement of financial position as at 31 December 2024 and abridged statements of income, comprehensive income, changes in equity and cash flows for the year then ended were exactly re-produced from the Company's audited financial statements. However, the disclosures within the abridged financial statements were limited to disclosures that were deemed material and necessary to present a true and fair view of the Company's performance through a succinct lens.

The abridged financial statements have been prepared in accordance with the accounting policies set out in the respective notes of the audited financial statements consistently applied from period to period. All new and amended accounting standards and interpretations that are mandatory for the periods disclosed and which are relevant to the Company have been adopted.

These abridged financial statements are prepared solely for statutory purposes and do not reflect the consolidation of the accounts of subsidiary companies.

The abridged financial statements have been prepared on a going concern basis.

The Company's audited financial statements are available for any user on the Company's website or can be accessed at the Company's office during normal business hours.
